## **B. Registration and Permits**

1. Any individual who operates or parks a motor vehicle on the campus and streets of the university shall register the motor vehicle. The cost of a permit may be obtained by contacting the Office of Parking and Transit Services at 662-325-2661. ALL INDIVIDUALS ARE REQUIRED TO REGISTER. It is recommended that all personal bicycles be registered with a complimentary permit for owner identification.
2. Staff, faculty, and students are required to register their motor vehicle online via myBanner and shall furnish any or all of the following information. All permits registered via

myBanner will be mailed to the customer's provided address within 10-14 business days:

- a. Name;
  - b. Official United States Postal Address where the permit is to be received, this is not to include a Residence Hall location;
  - c. Make, model, style, color, and year of manufacturer of the motor vehicle at the time of the registration;
  - d. State license tag number of the motor vehicle at the time of registration; and
  - e. Other information concerning the identity of the driver, owner, and/or motor vehicle as may, from time to time, be required.
3. The university shall prescribe the form of the permit.
  4. No individual shall display more than one permit on any one vehicle. The exception to this statute is for a staff permit: staff permits shall override all other permits affixed to the vehicle, provided the vehicle is registered, parked in a designated staff parking area, and being operated by the registered staff or faculty member.
  5. The appropriate license plate must be linked to the permit. It is the permit owner's responsibility to maintain the correct license plate and permit relationship. Students may only have one active license plate linked to their permit. Staff may have multiple license plates registered and linked via their online parking account.
  6. The permit shall be affixed to the vehicle in a place and manner prescribed by the university and/or in accordance with instructions printed on the back of the permit. Permits which are taped on vehicles or affixed in locations other than the prescribed location shall not be considered properly affixed or properly displayed. Parking permits are nontransferable. Permits are the property of the university and must be surrendered to stop recurring charges when one's relationship with the university or its agencies is severed.
  7. Any regular employee of the university eligible for staff benefits at the university; any employee of any State or Federal agency located on the university campus; or any full-time, non-registered student or individual who is an employee of a contracted business or those granted affiliate status by the university located on the university campus may purchase a staff permit for any vehicle or motorcycle brought to campus.
    - a. Staff permits are to be utilized solely for the use of regular employees, as described above, and may not be secured for the use of a student, friend, or relative.
    - b. All regular employees of the university may purchase two staff permits, at the full current rate.
  8. Any student who resides in a residence hall, fraternity, or sorority house on the university

campus shall obtain a properly designated permit for any motor vehicle brought to campus. For purposes of these regulations, any building on the campus housing students may be classified as a residence hall, fraternity, or sorority house.

9. Any student who does not reside in a residence hall, fraternity, or sorority house on the university campus may obtain a commuter permit for any motor vehicle brought to campus.
10. Vendors may apply for a vendor permit through the Office of Parking and Transit Services. Vendor permits must be properly displayed on vendor vehicles in a manner prescribed by the Office of Parking and Transit Services. Vendor permits authorize vendors to park in designated spaces on campus. The cost of vendor permits is set at an amount established by the university; the amount is prorated.
11. Visitors are required to have a permit or a valid online payment for the appropriate parking period at a fee established by the university. The permit must be displayed according to the instructions on the permit or the license plate appropriately registered. Visitor permits and payment options may be obtained online, and the link is available on the Parking and Transit Services website at [www.parkingservices.msstate.edu](http://www.parkingservices.msstate.edu).
12. The fee for issuing a permit to any individual during the fall semester shall not exceed the amount established by the university. The fee for issuing a permit to any individual during the spring semester shall not exceed two-thirds of the amount; the fee for issuing a permit to any individual during a summer term shall not exceed one-third of the amount.
13. All permits expire on an annual date determined by the university and stated on the permit.

If the original permit or satisfactory evidence of its destruction is presented to the Office of Parking and Transit Services, a reduced fee established by the University will be assessed.
16. A permit issued to be affixed to or used by one motor vehicle shall not be affixed or transferred to another vehicle operated by the permit owner, with the exception of a staff permit.
17. A temporary permit may be obtained from the Office of Parking and Transit Services by:

- a. Any staff, faculty, or student who expects to operate or park any vehicle on the campus for less than seven (7) days, unless a longer period is authorized in writing; or
  - b. Any individual who expects to operate or park any vehicle on the campus in the place of a registered vehicle that is temporarily inoperable.
18. Any individual or Department to whom a permit has been issued shall be responsible for any parking or registration violation(s) in which the vehicle is involved.
  19. Any individual who visits the Office of Parking and Transit Services and completes the necessary paperwork for a lost/stolen permit may purchase a replacement permit for half the amount depending on the semester.

Once registered, a state-issued handicap parking permit entitles an individual to park in

ADA-accessible spaces in the zone designated on their University parking permit. 11. A parking space is defined as an area between two painted lines and a vehicle must be parked completely between the lines.
12. The temporary absence of a sign, or the operation of a gate, at the entrance of any area of the campus does not mean that it is no longer restricted. If at any time area restrictions are removed or altered, the signs in those areas shall change appropriately.
13. No individual shall abandon any motor vehicle on the university campus. The university may, in addition to any other remedy herein provided, upon evidence that a motor vehicle has remained on campus parked and unused for a period of five (5) days, report the vehicle as abandoned to the MSU Police Department for investigation and possible disposal according to state law.
